Summary.

## New York

NEW YORK, Dec. 7.—Untoward developments, notably the reported entente reversals in France and Italy, the Halifax disaster and suggestions of additional Federal price revision of important commodities, prompted moderate realizing for profits and some short selling in yesterday's stock market.

The recommendations contained in the majority report of the Interstate Commerce Commission imparted irregular strength to the list at the opening, but by midday virtually all initial advances were reduced by extreme reactions of 2 to 3 points in important issues.

## Grain and Produce

CHICAGO, Dec. 7.—Prospects of stormy weather and zero temperatures tended yesterday to strengthen the corn market. Prices closed firm at the same as yesterday's finish to 1/2 higher, with January \$1.21 1/2 and May \$1.19 1/2 @ 1.19 1/2. The result in oats was unchanged to 1 cent higher, and in provisions unchanged to 25c higher.

## Oil and Gas

In Sardis district, Harrison county, W. Va., the Victoria Oil company has drilled its No. 4 on the L. L. Stewart farm through the Gordon sand and showing for a 10-barrel pumper in that formation. In the same locality the South Penn Oil company is drilling a second test on the Henry Stewart farm. In Freemans Creek district, Lewis county, the last-named company is drilling tests on the J. Freeman and Stella Freeman farms.

In Elion district, Harrison county, the Philadelphia company is drilling a test on the L. J. Baker farm, and the Hope Natural Gas company has started to drill a test on the Thad Robinson farm. In Mannington district, Marion county, the South Penn Oil company has started to drill a test on the Rosa Sturm farm. In the same district F. W. Bartlett has put his second test on the John Hurey heirs' farm to pumping, and it is producing five barrels a day from the Gordon sand.

In Mannington district, Marion county, the South Penn Oil company has drilled No. 6 on the J. L. Erwin into the top of the Gordon sand. The hole filled

**Why You Get Premiums with SOME Coffees**

OLD Mother Nature doesn't make all coffees of the same strength and flavor. And some coffee roasters don't use the right process. The result is a coffee that won't see by itself, so premiums are offered with it.

**Golden Sun Coffee**

Never sold with premiums. It's full-strength, full-flavored—the best we can buy. A special process takes out the chaff which makes ordinary coffee muddy and bitter, leaving a pound today at your grocer's.

**The Woolson Spice Co.**  
Toledo, Ohio

up 225 feet with fluid on the first 24 hours. On Middle Island creek, Tyler county, the Middle Island Oil and Gas company has completed No. 4 on the Haddock heirs' farm. It is showing for a 40-barrel producer in the Keener sand. In Meado district, Tyler county, the Melrose Oil and Gas company is due in the sand at a second test on the G. A. Doak farm. In Burning Springs district, Wirt county, the Hope Natural Gas company is due in the sand at a test on the Harvey Hays farm. In the same district the South Penn Oil company's No. 4 on the J. J. Mills farm is producing five barrels a day from the salt sand.

In Greenbrier district, Doddridge county, Trainers Bros. completed No. 3 on the Trainers heirs' farm. It is a duster. In the same district Trainers Bros. are due in the sand at a test on the Freeman Coleman farm. In Lafayette district, Pleasants county, the Monongalia Oil company is due in the sand at a test on the Theron Wagner farm.

## EAST SIDE NEWS

**Gave Party.**  
Mrs. W. G. Hall and Mrs. Will Arnett entertained a number of their friends Wednesday evening at their homes in Reeves avenue. Those in attendance were Mrs. Elsie Compton, Mrs. Helen Miller, Mr. and Mrs. Will Arnett, Mr. and Mrs. E. Boyd Cutlip, Mr. and Mrs. Arthur Cassell, Miss Agnes Arnett, Catherine Miller, Opal Radford, Emma Stealey, Myrtle Hall, June Deloris Reed, Paul Compton, Norris Helmick Arthur Reed and Mr. and Mrs. W. G. Hall. A very enjoyable evening was spent and delicious refreshments served by the hostesses.

**T. A. C.**  
A profitable meeting of the T. A. C. club was held at the home of Mrs. Cora Morrow, in State street yesterday. An all-day session was held and the time spent in sewing for the Associated Charities. This club donates a day's work to this organization every year and yesterday's meeting was well attended and a number of warm garments made and turned over to the associated charities to be used where most needed. A sumptuous chicken dinner was served to the ladies at noon by Mrs. H. E. Hawkins, who resides next door to Mrs. Morrow, which was very much enjoyed by all present.

**Birthday Party.**  
Charles Jolliffe of State street, has very agreeably surprised when he returned home from work last evening at finding a number of his relatives and friends gathered there to celebrate his birthday anniversary. The hours were spent in a social way and at ten o'clock a delicious supper of oysters and accessories was served by Mrs. Jolliffe. Those present were Will Arnett and daughter, Miss Agnes, Mr. and Mrs. J. R. Miller and daughter, Miss Catherine, Mrs. Bert He-

## THE TERRORS OF WAR

Fleck and stamina, vim and vigor, bravery and efficiency are all dependent on good health. Whether victory results from the cannon's mouth depends on the men behind the guns. It only takes a knockdown blow to knock a man with shaky nerves, with headache or backache, with kidneys or liver impaired.

It was not until the discovery by Sir Arthur Groll, in 1843, that the blood of gouty patients contained uric acid in an excessively large amount, that much attention was paid to this subject. Later scientific men learned that in gout, also rheumatism, the kidneys do not work properly to throw off the uric acid poison; consequently uric acid crystals are deposited in and about the joints, in the muscles, where an inflammation is set up in the nearby tissues.

Hague has said, that "gout is rheumatism, and rheumatism is gout." If uric acid is formed in excess within the body it is passed on to the kidneys, which act as a filter to pass off this poison. If the excess is not excreted by the kidneys, it is distributed through the tissues. The choice sits for such storage are in the joints, muscles, sheaths, where the circulation is weak-

est, and where also the blood is poorest.

Take Anuric (double strength) three times a day for awhile. Invigorate and assist the kidneys to flush out the uric acid poison. During cold or rainy weather the circulation is apt to be sluggish and the blood stream retarded. If uric acid is present it is apt to clog the capillaries. This accounts for many acute conditions, such as headache, neuralgia, gastric disturbances, and dull mind. As the condition progresses, we often have lumbago, disease of the heart and arteries, breaking down of the kidneys, rheumatism and gouty symptoms. Eat less meat, drink more water and take Anuric (double strength) after meals and at bed time for several weeks at a time, and you will be free from uric acid and the diseases that follow.

Anuric is a recent scientific discovery by Dr. Pierce, Chief of Staff at the Invalids' Hotel and Surgical Inst., in Buffalo, N. Y. Send 10c to him for a trial package of Anuric. Large pkg., 60c.

## PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 30c and 25c per box. All druggists.

## HEALTH HINTS

Proper ventilation includes not only a constant current of air to replace that which has been used up, but that air must be pure air, free from smoke, gases, dirt or germs.

Proper ventilation, however, does not mean that the doors and windows should be thrown open and kept so during the winter months without heating the rooms. Proper ventilation may be maintained in heated living rooms and the temperature kept at a comfortable degree.

It is best, however, to sleep in an unheated room and with the windows open. The burning of candles, lamps or gas is not conducive to good health, especially in places where proper ventilation cannot be maintained.

Drafts should be avoided and a constant supply of fresh air provided to take the place of that which has already been used. The size and shape of a room may be a factor in proper ventilation. No matter how large a room be, if the supply of fresh air is not steady the air will become impure.

On the other hand, no matter how small the room if sufficient ventilation is carried on the air continues pure.

A lofty, unventilated room will in a short time, if occupied, become filled with impure air. Floor space is more important to ventilation than height.

With a modern system of ventilation you will breathe better air in many basement establishments than in stores and offices containing enormous floor space with high ceilings, but lacking in proper ventilation.

Mrs. C. M. C. asks: "How can one tell if they are coming down with tuberculosis?"

If you always feel tired, if you are under weight for your height, if you have a cough all the time, or get cold one right after another, it is best to be examined for tuberculosis.

## Resinol does wonders for sick skins

That itching, burning skin-trouble which keeps you scratching and digging, is a source of embarrassment, as well as of torment to you. Why don't you get rid of it by using Resinol Ointment? Physicians prescribe it constantly. In most cases, it stops itching instantly and heals eruptions promptly. It is very easy and economical to use.

Sold by all druggists. Resinol Ointment should usually be aided by Resinol Soap.
